Go Teach

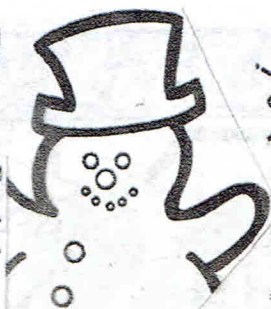

Biblical teaching principles center on God's Word as authoritative, always pointing to Jesus, and empowering transformation, emphasizing themes like loving God and others (Golden Rule), seeking wisdom (Proverbs), living holy lives (1 Peter), stewarding resources, showing generosity, and building community, all while maintaining humility and focusing on truth rather than controversy. Key aspects involve diligent study (literal, historical, grammatical) and practical application, serving God not self, and glorifying Him in all actions, fostering a life of obedience and love.

WICKED

There may be no rest for the wicked, but there is often arrest.

HOW CAN "FAITH" BE CALLED A WORK?

People do not lack strength; they lack will.

In John 6:29 Jesus said, "*This is the WORK OF GOD, that ye BELIEVE on him whom he hath sent.*" Faith is the work of God because God is the one that conceived (devised) it and requires man to do it. Faith originated with God, not man. It is not man's work. Man didn't think of it. He did not make it up. He cannot perform it and then brag about it. He cannot "believe" and then claim that he has placed God in his debt. When man believes (has faith), he is simply complying with the condition that God has placed upon him in order to be saved (Mark 16:16). BUT, when man believes, it is still something that man DOES. Man is the one that has to DO it. Man PERFORMS it. It is an ACTION performed by man. No other man does it for him. God does not do it for him. God wants him to do it. God makes it possible for man to do it. But God does not make him do it. It is a work that God commands man to do. Man can't brag about it, he is simply doing what God requires (demands) him to do.

When a man REPENTS of his sins (Acts 2:38), it is something that a man DOES. It is a WORK, an ACTION performed by man. However, it is God's work because it is a work that God commands man to do. Man can't brag about it, he is simply DOING what God requires.

When a man CONFESSES faith in Christ (Romans 10:9-10), it is something that a man DOES. It is a WORK, an ACTION performed by man. However, it is God's work because it is a work that God commands man to do. Man can't brag about it, he is simply DOING what God requires.

When a man is BAPTIZED in water, it IS NOT something the individual does to himself. It is something he submits to have DONE to him. It is a WORK, an ACTION performed by man. However, it is God's work because it is a work that God commands man to do. Man can't brag about it, he is simply doing what God requires, the same as when a man believes, repents and confesses.

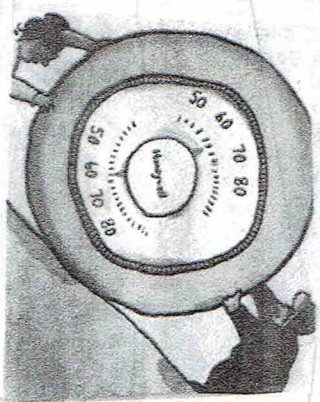

Men are baptized FOR, IN ORDER TO RECEIVE, the forgiveness of sins. This was its purpose under John the Baptizer (Mark 1:4) and this is its purpose under Jesus the Christ (Acts 2:38). Men can fuss all they want to but they will never be able to change the fact that water baptism is FOR, IN ORDER TO RECEIVE, the forgiveness of sins.

WELCOME

Do not outstay your welcome.

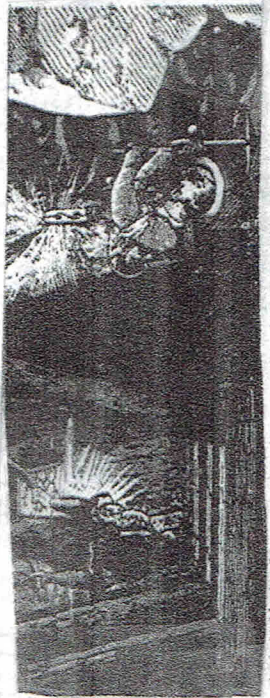

"Man Cannot Live By Bread Alone"

Dr. Stephen Smith (1823-1922), born in Onondaga County, New York, was a sickly child, unable to retain his food and was placed on an exclusive diet of bread and milk. For the first 70 years of his life he took no other food. When he passed his three-score and ten, he allowed himself a little wine with this diet. He was a surgeon in Bellevue Hospital, New York, for a full 60 years and was long the oldest and most distinguished doctor in the country. He contributed a great deal to the establishment of a Board of Health, in the city, state and nation. He lived to the age of 99½ years.

in the British Parliament, and they were long frustrated with the presence of British soldiers. The event marked the first major act of defiance against British rule.

There are people who unload the dishwasher right away and people who live out of it like it's a kitchen suitcase, and they marry each other.

In the Californian goldfields of the mid-nineteenth century the explosive used to open up seams was known as 'peter' from the saltpetre it contained. When a seam was fully exploited and no further work could take place the miners described it as having 'petered out' and the phrase has developed as an expression meaning 'to cease gradually'.
