We found ourselves deep in the middle of the Osage Nation. Three years ago GP was a jewel in the rough, and lots has happened in becoming a Christian. We stopped at a fire station where the Chief and his assistant were washing the only fire truck in town. John Boy asked for directions for a certain location and made Americans of each, and explained meaning of Lord Jesus Christ. Then GP expounded on God and His love for mankind, and said "Everything we can see created by God we are to love, and both men were moved and God was glorified. **Sharon** - Recovery goes slow and rough with neck pain and migraines. **Sheila** - Had another spike with immune battle. **Raymond** - Sleeping continues to be a problem mixed with 24/7 feeling nauseated. **Autumn paints in colors that summer has never seen.** **John Boy** - First October Boo! Their parents quickly realized that Will was a born optimist, whilst Jack was a real pessimist. So, being concerned about them both, their parents decided to take them to see a child psychologist. The psychologist thought the parents were overreacting and tried to reassure them. "Mr. and Mrs. Smith," he said, "I'm sure you're exaggerating. I'm happy to review their behaviour for you, but I'll be surprised if your boys are any different from any other young kids." In an attempt to allay their fears, he then took Jack into a room filled with the most exciting toys any child could possibly imagine. Naturally, the psychologist expected to see Jack play with all these toys enthusiastically. However, Jack just burst into tears. "What's the matter?" asked the psychologist. "Don't you want to play with all these wonderful toys?" "No!" Jack responded. "I might break them, and then I'll be in big trouble." Well, the psychologist was surprised by Jack's extreme pessimism, but he couldn't believe that both boys would be quite so different. So, he decides to take Will into another room. This room is filled from floor to ceiling with horse manure. Naturally, the psychologist was expecting Jack to be completely repulsed by the experience. However, Will was in his element, and he quickly started digging in the manure with his bare hands. "What are you doing?" asked the psychologist. "Why are you digging?" "With all this manure," replied Will, "there's got to be a horse here somewhere!"

Fortune and misfortune are neighbors.

FOUR-LETTER WORDS

There are a few four-lettered words that will shake up every bride—like cook, wash, dust, and iron.

WHAT ARE THE "WORKS OF THE FLESH"?

Galatians 5:19-21 speaks of the "works of the flesh." They can be categorized into five groups: the sex group (first 4), godless group (next 2), personal animosity group (next 4), the factious group (next 4) and the wild-spree group (last 3). These are but a few of the many sins men commit.

A brief definition of these sins follow: **Adultery** - sexual intercourse with one who is not your lawful spouse (Luke 16:18). **Fornication** - all illicit sexual intercourse, including homosexuality and bestiality (1 Corinthians 6:13). **Uncleaness** - impurity, includes all sorts of filth connected with immorality (2 Corinthians 12:21). **Lasciviousness** - absence of restraint, indecency, shameless conduct, the impure handling of males and females. **Idolatry**, sin of the mind and action against God, anything put ahead of God (1 Corinthians 10:14). **Witchcraft** - the magic arts, enchantment, sorcery, the occult, to deceive. Properly paired with idolatry and paganism. It is also connected with the use of drugs. **Hatred** - enmity, animosity, the opposite of love. **Variance** - strife, contention, wrangling. **Emulations** - jealousy, inordinate ambition in a bad cause which leads to strife. **Wrath** - hot bursts of anger, burning passion. **Strife** - factions, division, discord, self-seeking, base ambitions. **Seditions** - divisions, to stand apart, separate. **Heresies** - self-willed opinion which leads to division and the formation of sects. **Envyings** - the feeling of displeasure by hearing of the prosperity of others. **Murders** - the taking of another's life. **Drunkenness** - alcoholic drink, intoxication. **Revellings** - carousal, rioting, consequence of drunkenness. And such like - this identifies the entire class of evils without attempting to name them all.

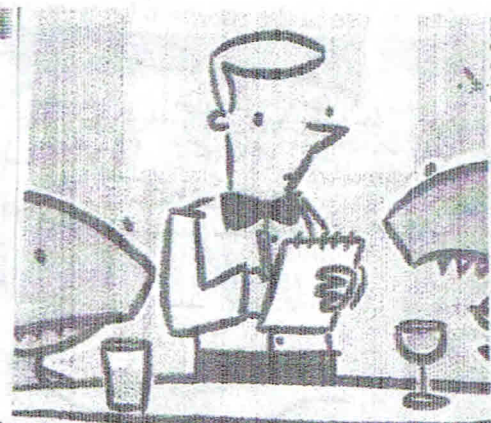

These types of sins (and all sin) will prevent those who engage in them from going to heaven. Those guilty of these sins can, and must, repent of them in order to have forgiveness. Members of the church in Corinth had been guilty of these sins but repented of them (1 Corinthians 6:9-11). Repent and be baptized was the command given in Acts 2:38 to have forgiveness of all sins.

Friend, you are bound this very day to either heaven or hell, which is it? The Lord does not want any to perish, but wants all to come to repentance (2 Peter 3:9). Will you obey?

fortune brings with it great misfortune. Men are seldom blessed with good fortune and good sense at the same time.

First 911 Call is Placed in the United States

Speaker of the Alabama House of Representatives, Rep. Rankin Fite, placed the first 911 call in Haleyville, Alabama. Now commonly a first course of action in an emergency, the ability to call 911 is a relatively recent concept and was not standard for many years after its adoption by Congress. By 1987, half of the nation was using the system.

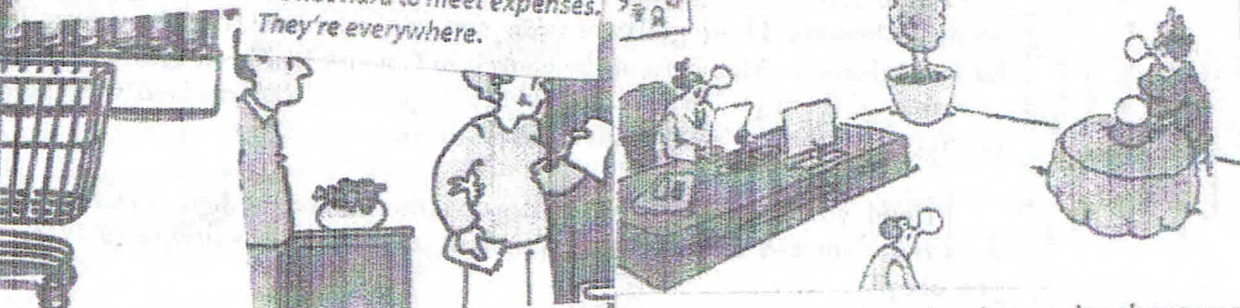

"Tell us about the Frenzy for Two."

More on dinosaur - Researchers who were able to extract soft tissue from the bones of a *T. Rex* have been able to extract collagen, a major component of living bone. The amino acids of this material have given ratios similar to the collagen of chickens and the collagen reacts with antibodies in the same way that chicken collagen reacts. This is perhaps the best evidence so far that the dinosaurs are related to modern birds. We would like to remind our readers that the biblical classification gives the groupings as "birds, fish, beast, and man" (1 Corinthians 15:39; Genesis 1:20-26; Genesis 6) tells us that these creatures were the flesh of birds, not fish. There is no biblical issue here, but an interesting fact about the past.

Religion good for kids - Research has found that of the 16,000 first graders that were studied, those kids with strong religious homes were better behaved and happier than their peers. The study identified youngsters who had both parents attending worship services regularly and who talked to their kids regularly about religion as having strong religious homes.

Ancient Man Locations - One of the interesting questions about the origins of man is where man came from geographically. The Bible places Adam in the Fertile Crescent area in the present day nation of Iraq. The modern theory of many anthropologists is that man originated in Africa. New finds in northern China continue to raise questions about the African origin theory with some dates as old as those given to specimens in Africa. There are many interpretations of the data, but it is obvious that the out of Africa is oversimplified at best. This has been difficult to reconcile with the biblical location which places the Garden of Eden in the Fertile Crescent (in the present day Iraq.) That area has been agreed to have been the "birthplace of civilization," but prehumans in the literature are always portrayed as of African origin. The fact is that there is growing evidence that man originated in Europe, not in Africa.

"They're only jokes."
"I'm not talking to you. I'm talking to that little jerk sitting on your knee!"

DURING AN ACT by a ventriloquist, a man stood up and yelled, "Hey! You've been making enough jokes at people's expense. Cut it out!"
"Take it easy!" the ventriloquist exclaimed.

"OK, the shopping cart does roll forward when I push it. Now what?"

"Another credit-card offer - and not a moment too soon!"

A ROOKIE police officer took his first ride in a cruiser with an experienced partner. A call came in telling them to disperse some people who were loitering. The officers drove to the street and observed a small crowd standing on a corner. The rookie rolled down his window and said, "Let's get off the corner, people." A few glances, but no one moved, so he barked again, "Let's get off that corner. ... NOW!" Intimidated, the group of people began to leave.

During a police interview, the young policeman turned to his partner and asked, "Well, how did I do?" "Pretty good," chuckled the veteran policeman, "especially since this is a bus stop."
