Romans 13;4

For the one in authority is God's servant for your good. But if you do wrong, be afraid, for rulers do not bear the sword for no reason. They are God's servants, agents of wrath to bring punishment on the wrongdoer.

1 Timothy 2:2

Pray for kings and all those in authority, that we may live peaceful and quiet lives in all godliness and holiness.

WARS AND RUMOR OF WARS BUT THE END IS STILL TO COME

Memorize – Luke 13: 3 **Repentance, and Spiritual Renewal, Perishing Is Inevitable.**

I tell you, Nay: but, except ye repent, ye shall all likewise perish.

1. **March 15th Menu** - Tex-Mex Hot & Spicy + Favorite Pies & Cakes (**YUMMY**)
2. **Christian Responsibility – Teach The Lost! Are You Doing This?**
 “The Devil hath power / To assume a pleasing shape”

Sheila - My neurologist thinks it's not a germ...she thinks it's impinged vagus and phrenic nerve causes all my symptoms...running nose, cough, mucous production, nausea, vomiting, ringing and noises in ear, syncope, high blood pressure, kidneys shutting down, and digestion troubles...having a new MRI soon....pet scan Thursday, she will figure it out...but who knew nerve impingement at C3-5 can cause all that. Those are all my symptoms, and a crazy limp too! Forgot the migraines and the blurry vision...but those too! One last thing playing with grandkids is getting me!

Sharon - Dr is out on March 9th for surgery so it will be end of month. I have routine appointment on March 12 to go over ultrasound reports and reschedule surgery.

Carolyn - Another foot shot. **Toni**- Helps John struggle into building many times and thanks so much. **Indoors or out, no one relaxes in March, this month of wind and taxes, the wind will presently disappear, the taxes last us all the year.**

Dolores - Complemented Sharon on new blouse, and Sharon said it's too short. **Kathy** - Requested morning song "**Because He Lives**" one of her favorite's, & Jerry did nice way in directing it. **Debbie** - Like most who goes to the DR and takes pills and lives with OUCHES! **Stephen** - Got confused on what song to sing, and the moment he saw Jills eyes, he recovered. After 24 years together he is sliding down the other side of the hill faster!

Abby & JC Campbell - Their precious little daughter, Amelia Joi, is held often by Carlee. There is nothing like baby skin along with jabber. Who doesn't love to hear the voice of babies, and a few of us recall when Carlee was born and did the same thing. **Waid** - Thanks for doing the unexpected gift giving. Flashlights & Hot Wheels. Dolores tested flashlight on John, and now has new control weapon. **Janice** - Recalls days of yore when many dear hearts @ HG helped build her faith. **GP John** - Computer working with help from Lee Yang & pole cable tighten. **Mary**- Was truly a religious woman. She was also very active in various hospitals, visiting sick patients and taking care of all their needs. So it was no surprise that one day when she ran out of gas, the only container she could find to put the gas into was a bedpan. She happily walked two blocks to the closest gas station filled up the bedpan with gas and headed back to her car. Luck would have it that as she started tipping the gas into the fuel tank, the traffic light turned red, and she had quite a large audience witnessing the spectacle. Just when she finished pouring in the last drop of gas, a fellow opened his car window and hollered. "I swear! If that car start's, I'm going to find out what you're drinking.

Where there is no vision, the people perish. *Proverbs 29:18*

had joined the Army to serve his country or to complain about the food. The recruit explained, "Sir I joined the U.S. Army to serve my country—not to eat it."

Strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it. *Matthew 7:14*

one farther backward you can look, the farther forward you are likely to see. *Winston Churchill*

Why Are They Called "Tanks"?
The British first began to build armoured cars based on the American caterpillar tractor in 1915. It was feared that the enemy might learn of the new weapon too soon. The factory foremen were instructed to reply to questions that the strange vehicles were "cisterns" built to carry water to the British troops in the Sahara desert. The cars were known as "cisterns" for some time, but the word proved cumbersome and long. A much shorter word meaning the same thing was substituted.

Various theories are put forward to explain the origin of this graphic expression for anyone forced to pay more for something than it is really worth. One explanation links it with a form of early taxation imposed by Danish invaders, who punished those who refused to pay by slitting their noses. Another draws an analogy between a bleeding nose and someone who is 'bled' by being obliged to pay an excessive price.

"That's an order!"

A lieutenant confronted a recruit and said, "I hear you're complaining about a little sand in your soup." The recruit replied, "Yes, sir."

Advice to young writers who want to get ahead without any annoying delays: don't write about Man, write about a man.

"Everyone is out with the flu, the computers all have a virus and the shredder just threw up."

"The rest of us would appreciate it if you would leave the thermostat alone."

The worst wheel of the cart makes the most noise.

Why Do People Leave God?

Vision is the art of seeing things invisible.

Because of the cares of this life. In the parable of the sower Jesus said there are those who "...are choked with cares and riches and pleasures of this life..." (Luke 8:14). Mark 4:19 speaks of the "lusts of other things" that causes one to leave God. It is easy for one to be entangled in the things of this life and lose sight of heavenly things. I John 2:15-17 says, "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever." Jesus tells us to not let the cares of this life overcome us (Luke 21:34). Paul tells Timothy to not be entangled with the affairs of this life (II Timothy 2:4). Demas had already forsaken the Lord because he loved the things in the world (II Timothy 4:10).

Because of a desire to be rich. The Lord said, "...Take heed, and beware of covetousness: for a man's life consisteth not in the abundance of the things which he possesseth" (Luke 12:15). The desire for riches is detrimental to the soul. "But they that will be rich fall into temptation and a snare, and into many foolish and hurtful lusts, which drown men in destruction and perdition. For the love of money is the root of all evil: which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows" (I Timothy 6:9-10). Wealth is not to be trusted and does not contribute to God's favor. "Charge them that are rich in this world, that they be not highminded, nor trust in uncertain riches, but in the living God..." (I Timothy 6:17). "No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon" (Matthew 6:24). The word "mammon" means wealth or riches.

Yes, a Christian can leave God, go back into the world and forfeit his inheritance to eternal life. There's nothing more plainly taught in all the Bible. Don't let the world lure you away. Remain steadfast (I Corinthians 15:58). Read Romans 2:7, Galatians 5:1; 6:9, Colossians 1:23; 2:7.

VISIT

Friendship increases by visiting friends, but by visiting seldom.

Some years ago, we sat down for our evening meal and began to say grace. When

We started with 'Gomen, Lord Jesus, be our guest,'

our 13 year old son jumped in and said, "please hurry"

we became very hungry! We couldn't help but laugh

Pray and end the prayer with an enthusiastic "Amen!"

First Human Receives Insulin Injection to Treat Diabetes

In a breakthrough treatment that would later save millions, critically ill 14-year-old Leonard Thompson became the first person to receive an injection of insulin for Type 1 diabetes — a disease that had previously been considered a death sentence. Thompson improved significantly but suffered an allergic reaction. After receiving a refined formula, he had no side effects and became the face of the wonder drug.

"It might help Skippy's feelings if you said he needed improvement instead of calling him a bad dog."

Water Processors As mankind has studied the balance seen in nature, it becomes increasingly obvious that there are carefully designed systems in nature that clean and maintain the natural environment. Water is one of the most important things that has to be maintained and controlled for life to exist over the long haul. Having adequate supplies of clean pure water is vital to life. There is estimated to be 370 quintillion gallons of water on planet Earth, an amount that has probably stayed pretty much constant since this planet began. The animals that clean and process this water to make it useful to other forms of life are incredible. Scientists studying the natural hydrology of North America have discovered that one of the most important agents of water quality in the past has been beavers. Some 200 million beavers slowed the progress of rivers in the past so that silt dropped out of them and the water then leaked through their semiporous dams. In addition to that, beavers created a network of wetland meadows that absorbed and cleaned surface water runoff. Bison and elk sustained tallgrass prairies that soaked up massive amounts of water so the water was held on the land, and thousands of colonies of prairie dogs dug networks of tunnels that channeled water deeper so that water that came out in springs recharged lakes and streams with ultra pure water. When mankind first came to North America, the rivers were clean and pure and there was no mud or silt, because this elaborate system had made the water of the highest quality. The problem we obviously face today is how to restore the processes either naturally or synthetically to duplicate the system that God designed and placed in operation that worked so well. If we succeed in doing that, we will emulate the design of the system that God initially created. If we do not do this, there will be continued pollution, disease, and hardship on all humans. Mankind is being challenged to its limit to replace and/or restore what God did originally.

"I get this feeling I know who's going to be employee of the month."

"You're awfully quiet tonight. If it's something I said, I'd like to remember it for tomorrow."

I WAS THE BEST door-to-door security alarms salesman for several years running. The trick was to just leave a brochure on the kitchen table if there was nobody home.

A waiter is waiting at a restaurant. Do you think you could bring me what that gentleman over there is having?" he says. The waiter looks at him sternly. "No sir," he replies. "I'm sure he intends to eat it himself."

My lack of knowledge about Greek literature has always been my Achilles' elbow.

THEY SAY when you die there's a light at the end of the tunnel. When my father dies, he'll see the light, make his way toward it and then flip it off to save electricity."

WOULDN'T exercise be more fun if calories screamed while you burned them?"

Artificial intelligence is no match for natural stupidity.
